Sir/Madam:

The Saceda Youth Lead School, a Youth Serving Institution under the auspices of the National Youth Commission, will hold the Global Youth Leadership and Education Conference on November 23-25, 2022 at the Faculty of Law, Singapore Management University, Republic of Singapore with theme, "Re-uniting the Youth and the Teachers for a Safer and Better World".

The 3-day meeting of the Global Youth and Teachers will discuss about how we can use humanity's failures, sacrifices, and aspirations to achieve a better world.

Planning for a better world is a common challenge that countries across the globe grapple with. About half of the world's population are the youth and the UN projects this percentage to increase in 2050. This presents a challenge to governments as they need to not only plan for the youth and teachers with correct intelligences, skills and values addressing pressing issues like system-based culture, population-related concerns, public health, politics, food sufficiency, peace and security, and climate change

In behalf of SYL and its significant partners, I would like to invite your school to send representatives and participants to the GYLEC 2022 in Singapore. Please find below the program details and registration process.

We hope to see you in Singapore!

Sincerely yours,

Who We Are

Founded by Dave G. Saceda in 1998 and supported by key leaders, professors and leadership practitioners, we are an independent academic institution with Filipino roots and global reach. We strive to be the trusted leadership learning partner of choice for institutions. For 24 years now, it continues empowering students and professionals to become most effective citizens by providing them opportunities in leadership, education, conferences, international exchange and publications.

We believe in the ripples of modest beginnings- starting with the true development of the self that creates stronger families, more secure communities and robust economies. We believe in intelligences as gifts from God and core powers of leaders which come with skills (soft and hard) to effectively lead, manage and supervise people. We believe in the values of honesty and integrity, respect, sincerity, humility and excellence. We believe that we are not just stewards but also guardians of God's creation. We believe that we are not just blessings but also as solutions to the many problems of our existence.
