Subject: Proposal for the Implementation of Arnis Program as a Sport.

Dear Sir;

I hope this letter finds you in good health and high spirits. I am writing to propose the implementation of an Arnis program as a sport in collaboration with the different elementary and high school MAPEH teachers of Zamboanga Sibugay. Arnis, also known as Kali or Eskrima, is a Filipino martial art primarily focusing on the use of sticks, and empty hands for self-defense. It was pass into law by virtue of Republic Act 9850, making Arnis as our national sport and martial arts.

As educators, we understand the importance of providing our students with a well-rounded education that encompasses physical, mental, and emotional development. By introducing Arnis as a sport, we aim to promote physical fitness, develop discipline, foster teamwork, and instill valuable life skills in our students.

To ensure the successful implementation of the Arnis program in our elementary and high school, we propose a three days workshop and training on the Fundamentals of Arnis, Coaching and Officiating, with high skilled Arnis instructor. This will equip our teachers with necessary knowledge and skills to teach our students effectively.

December 8-10, 2023 shall be our proposed date, we will charge a professional Fee of one thousand eight hundred pesos (Php. 1,800.00) per participants, Inclusive of pair of sticks with case, T-shirt, PEKAF rule book, referee & Judges Handbook, and certificates. We encourage two teachers per school, young, and must come in sports attire.

We would be delighted to discuss this proposal further, and explore potential partnerships.

With high hopes, I pray for your positive response on this proposal.

Thank you and more power!

Very respectfully yours,

GM Ernesto "Nestee" M. Luis Jr.

PMAI - Director

PEKAF - VP Region IX and BARMM
